# iOS App Development

By: Shahin Katebi

iOS Development Workshop

- What is MVC?

- A little Objective-C

- Let's Go! Make It Work!

MVC Structure

MVC Structure - Rules!

- Model can not talk to Controller and View directly

- Views and Controllers can talk to each other

- Views does not own the data they show

How They Talk?

Objective-C

- It IS Different some how!

- Based on Small Talk.

- It's Object Oriented!

- So Fun!

Objective-C

How It Looks?
